## **Egan Visual becomes a Vendor on Fairfax County contract**

**Toronto, ON, November 4, 2015** – Egan Visual is pleased to announce that Egan is now a vendor on Fairfax County Office Furniture and Related Products contract. The entire Egan line of professional grade visual communications products are now available to local government agencies in Maryland, Virginia, and Washington DC area.

The Egan contract offering includes the 2015 New Product Introductions, including the illuminated GlassWrite Lumens, monolithic and modern-looking GlassWrite Boxcore and magnet-compatible dry-erase Dimension Stele TableScreens. Egan has extended the Mobiles product category with the Dimension and GlassWrite Boxcore Mobiles. Both mobiles showcase a sleek, ultra-thin bezel providing a monolithic appearance, and a new base featuring Torx bolts allowing multiple units to be nested successfully.

Egan products are designed with high configuration potential, allowing end users to choose from a variety of finish colors, surface materials, features and installation options. Also available is the EganINK custom graphics program where grids, templates, and branding messages can be printed on our proprietary EVS surface to add form and function. Egan products that feature EVS provide guaranteed-to-clean writing and low-gloss projection all in one surface.

Visit [egan.com](http://egan.com) for more information about the Fairfax County contract.

### **About Egan Visual**

Egan Visual designs and manufactures a full range of visual communication solutions for presentation and collaboration environments. Our products include professional grade markerboards, tackboards, mobiles, lecterns, centers, wallcoverings, cabinets, and glass markerboards. We offer a wide range of standard, configured, and custom response solutions. Founded in 1967, Egan Visual has manufacturing and distribution facilities in the United States and Canada.
