Kährs 2016 Spring Awakening!! This newsletter has been sent to Shane Smartt at shane.smartt@kahrs.com

THIS IS SOMETHING COMPLETELY DIFFERENT AND EXCITING!

We started working with wood almost 160 years ago and since then, we've never stopped using this wonderful material!!! We are bringing it into the home as an interior design element and erasing the borders between outside and indoors.

With our new magazine - Design Stories - you'll learn more about what wood flooring really means to us, in every sense of the word - from an environmental perspective, to how we think about design innovation and home decoration. Throughout this large format publication, you will find a wealth of inspiration

– and through our world tour of Scandinavia, Europe and the United States – you'll be able to visit beautiful houses decorated with our wood floors. Be inspired and discover the world of Kährs Design stories.

You can download a copy at the link below BUT this magazine is meant to be held to be truly experienced. Allow us to send you a copy (or copies because sharing this will be difficult) at no cost to you by emailing us your address by [clicking here](#).

Palazzo Rovere, Palazzo Bianco, Palazzo Fumo

INTRODUCING THE NEW EUROPEAN RENAISSANCE

European Renaissance is a collection of classic floors based on the magnificent floor styles of bygone periods. These Dutch-

patterned floors represent something really unique, adding a classic and luxurious feeling to any interior design. The pattern is set in the 8 foot boards in the factory and with the Woodloc 5S joint simplifies installation immensely. Choose between three colors; soft white, natural or smoky brown.

Nouveau White

Nouveau Gray

INTRODUCING CLASSIC NOUVEAU

Our Classic Nouveau collection has been wildly popular in Europe since its introduction, therefore, we felt it was time to bring it to North America.

With the addition of new colors - from a warm white to an earthy grey, a rich brown and a dynamic dark - these 8 foot long plank floors are characterized by their combination of modern visuals with traditional feelings.

They are treated with an extremely matte finish, which almost gives them a feeling of being untreated, but they are, in fact, as durable and easy to maintain as other Kährs floors.

NEW Professional Designers Website

Our new professional section of Kahrs.com has been redesigned to provide a more user-friendly and comprehensive resource. New and improved areas will give you instant access to a wealth of information, all in one place. Features include detailed product information, in-depth application recommendations, and guidance on installation and maintenance.

The website also includes inspirational images and project references, a brand new virtual showroom and an FAQ (frequently asked question) section.
