

**FOR IMMEDIATE RELEASE**

## Barbican Releases New Modular Collection Line

---

FORT ERIE, ON

Barbican has unveiled a new line of fixtures that are interchangeable, reconfigurable and modular. With an extensive array of individual modules in different shapes and sizes, or preconfigured shapes, the Metro Modular Collection can be specified as individual pieces or as inter-connectable layouts. An AutoCAD toolkit is available for download on the website, which features a simple to

use drag-and-drop system for building your layout. This high performance LED system is available in a wide range of fabric colours and printed options, providing creative appeal to designers.

For more information, please contact Barbican:

479 Central Avenue | Fort Erie, Ontario | L2A 3T9  
P: 800 663 5781 ext. 254 | F: 905 991 9708
