HOLD: NEW MINIMALIST-
DESIGN WORKSPACE AND
COLLABORATIVE CARTS***

New Product Introduction: HOLD Workspace and Collaborative Carts — family of three minimalist-design, contemporary auxiliary side table/storage carts ideal for the changing personal workspace, conference and training rooms, and myriad other uses from the office to the home.

Design: Estudio Enblanc

Manufacturer: Systemtronic; Valencia, Spain. Distributed throughout North America *exclusively* by Magnuson Group; founded 1984.

Product Applications: HOLD Workspace and Collaborative Carts are available in three sizes, with or without casters. They are suited for use in office environments, ideal for temporary storage and personal items especially in the changing personal workspace of desking and benching systems, or as an alternative to a mobile caddy beneath a desk; as well as in training centers and conference rooms. They also provide a functional and aesthetic solution for retail boutiques; healthcare and hospitality; and residential use in the kitchen, bath or bedroom.

Product Description: HOLD comprises a rectangular, open-box frame with one or two fixed shelves, depending on model, and a methacrylate top. **HOLD's** simple, elegant design fits discreetly in any
