ALTOR CORPORATION INTRODUCES A REVOLUTIONARY NEW PERSONAL DEFENSE FIREARM

The ALTOR pistol is perfectly simple and simply perfect.

Altor Corporation is pleased to announce the introduction of the totally unique Altor pistol which offers unmatched simplicity, quality construction, user friendly design, and exceptional value. The Altor pistol features foolproof operation with only two parts to connect to load and fire-and clean! All metal parts are stainless steel and the plastic parts are firearms grade polymer. All made in the USA! The single-shot pistol is lightweight, has only six total parts, and includes multiple safety features –a traditional button style trigger safety, a secondary barrel safety, and has double action only operation. All this value is available at an incredible low price. The .380 has an MSRP of \$119.00 and the 9 MM has an MSRP of \$129.00. The product is in limited distribution but will be available nationally by the time of the 2020 SHOT Show. Distributors and dealer inquiries are invited. More info at: www.altorcorp.com.
