

Istanbul Silah Announces New Bolt Action Rifle “Monza”

Istanbul Silah, most advanced firearms factory based in industrial zone in Istanbul, proud to announce its latest design, Monza .308 bolt action rifle. Company known for producing high quality shotguns for over 15 years has extend their product range to rifles.

“We are especially proud to announce this new rifle with our own brand after we successfully hit the world markets with Impala Plus shotgun line. We strongly believe that sales of Impala Plus and Monza will go hand in hand and will be suitable in terms of price/performance in many countries.” Noted Erol Kurt, the owner of the company.

Monza is a combination of simple design with precision manufacturing. The gun accepts all kinds of aftermarket accessories and comes with a perfect trigger. There is an adjustable comb raiser, fully adjustable trigger and innovative rear sight hidden in the picatinny rail on top. Replacing the picatinny with other types of mounts is easy, there is an extra picatinny rail in front of the stock for bipods.
