

**Subject:** Highland Tactical® Reveals New Double-Rifle Case at SHOT 2020

RANCHO CUCAMONGA, CA – Highland Tactical is proud to announce the arrival of our first rifle case. Created to be a shooter's best friend, the Precision 37" Double Rifle Case allows you to safely transport your equipment to and from the range with ease.

Starting at just \$69.99 MSRP, the Precision 37" is a heavy-duty double rifle case able to comfortably store your firearms — and all your range gear! Aside from safely securing up to two rifles, the Precision 37" comes equipped with our innovative detachable pistol case holding one pistol and up to five magazines. Both ends of the front panel are lined with MOLLE compatible webbing for easy attachment of extra gear. Two MOLLE mag pouches come attached to the webbing — on each side — with enough room to store up to four full-sized rifle magazines in each. The MOLLE-compatible platform gives you the freedom to adjust mag pouches as needed.

Three large zippered exterior pockets allow for quick storage of all your range day essentials and accessories. Our "hideaway" zippered backpack straps are located on the rear of the bag, making it easy to carry the case when fully-loaded. The adjustable sternum strap helps take pressure off the shoulders, evenly distributing the weight of the case.

With over 20 years of excellence developing quality purpose-built gear, Highland Tactical is focused on bringing unique and innovative products to the outdoor industry. We offer useful, distinctive designs created by shooters, for shooters.
