### PRYME'S LATEST MCPTT PoC ADVANCEMENTS UNVEILED AT IWCE

For 30 years, PRYME has lead the way in professional-grade mobile communication accessories and Bluetooth technologies. Every industrial-strength product is engineered entirely in-house, including custom designed solutions for many industries. Three of PRYME'S latest developments to optimize PoC applications with two-way radios and mobile devices include: NANO Smart PTT Button, which uses any cellphone headset to activate PTT apps without Bluetooth; DUAL Adapter combines speaker & microphone audio of radio & phone with one headset; and PICO Smart PTT Button includes 1 of 5 unique earphones and activates PTT apps over wired connection. See more of PRYME'S ground-breaking advancements at IWCE!
