

ShadyPaws,Inc.

Tactical K-9 Sunshade Travel Gear

New Exhibitors Hall – Booth #61905 (Pop-Up Preview) - January 22, 2020 / 8:30a.m. – 5:30p.m.

ShadyPaws,Inc is a **APPA Pet Health Product Manufacturer** distributing "**Cage Free**" **Tactical Dog Sunshade Gear** offering instant shade relief from heat, sun burns, and dehydration. Many working animals are exposed to minimal or no shade in unknown terrains, obedience training, military assignments, law enforcement operations, government contracts or sporting activities.

ShadyPaws Tactical K-9 Travel Gear are easy to travel with unlike bulky carriers and require minimal space with their flat folding disposition and come in their own camouflage backpacks, along with ground spikes and security belts. Excellent to shade animals on the ground, furniture, vessels or stationary vehicles. In addition, **ShadyPaws** includes secured pockets to hold food, medicine, water bowls etc.

ShadyPaws Colors: *Army Green Camouflage or Desert Sand Camouflage*

ShadyPaws Self -Adjusting Shade Canopies are proprietary designs and utility patents founded by the **ShadyPaws Corporation** for outdoor pet health and wellness. The **ShadyPaws** canopies offer either a short or long shade length for ample ventilation and lowering temperatures.

ShadyPaws tactical dog shade gear protects multiple animals during stationary periods, while eliminating stress, aggravation and dehydration from occurring especially when confined in hot carriers and left in the sun for hours at a time.

"The ShadyPaws Corporation is proud to exhibit our pet health products at this year's SHOT SHOW! We look forward to meeting everyone and will be offering a gift for coming by and exploring the ShadyPaws,Inc. Dog Health Brand." *Patricia Darquea, Founder of ShadyPaws.*

ShadyPaws,Inc Corporation is APPA Pet Health Manufacturer distributing globally, the first "Cage Free" K-9 Tactical Camouflage Travel Shades providing working dogs health and wellness benefits in unknown terrains with minimal or no shade relief.

By placing dogs under ShadyPaws Tactical Dog Shades canopies prevent sun burns and dehydration when placing working dogs under our adjustable shade lengths when placed in military settings, outdoor obedience training or athletic and sporting events.

ShadyPaws is a light weight, flat folding, ABS plastic camouflage sunshade offering a cool and ventilated shade placement for small or large dogs. ShadyPaws, Inc. applies on outdoor chairs, lounge recliners or on the ground. These patented SPU50+ ShadyPaws, Inc. travel camouflage canopy sunshades are light weight, flat folding travel shades for dogs when traveling with your pet to outdoor adventures.

Dogs and suffer from heat and direct sun exposure, which leads to exhaustion, anxiety and skin irritation. Skin cancer is another problem many dogs are faced with and truly need to be protected when outdoors at all times. Long haired dogs or light skin color is another factor to keep dogs shaded. To understand why dog's lie under tables and chairs is to realize they are hot or need somewhere to sit or lie down. ShadyPaws Pet Canopies are the solution! Dogs no longer need to be subjected to germs, bacteria and debris from the soiled ground and bringing this back into the home. By introducing your dogs to these camouflage pet shade canopies, provides all animals a shade placement to cool down and rest near you. Secured pockets inside each ShadyPaws, Inc. Pet Canopies holds, leashes, treats, water and with their own scent calms down any pet when placed under their familiar environment. ShadyPaws comes in camouflage material with army green colored frames.

ShadyPaws, camouflage units are perfect for outdoor adventures and for canine training. ShadyPaws, Inc. can be brought on board as a carry-on in overhead compartments or on boats and yachts. Instant shade can be achieved on ship decks, hotel pool recliners, ship to shore beach trips or any outdoor adventure destination. ShadyPaws Portable Pet Canopy Sunshades are flat folding and portable when bicycling to the beach or venturing out hiking with pets.

(2) large dogs or (4) small dogs can achieve extra-long shade in the afternoons or short shade when placing ShadyPaws, Inc. next to tables and chairs in restaurants, pubs, cafes, social settings or when out in the wilderness.

"Simply watch how your pets get excited when they see their ShadyPaws canopy being taken with them on their next outdoor adventure!"
