Kalispel Case Line Joins Exhibitors at 2020 SHOT Show in Las Vegas

Cusick, WA December 19, 2019 - Kalispel Case Line is excited to announce we will be joining over 2,000 exhibitors at the FULLY LOADED 2020 SHOT Show, January 21-24 at the Sands Expo Center in Las Vegas, NV. Come see us at booth #1552

Our knowledgeable staff will be available the duration of the exhibition to showcase products, answer product related questions & to take your orders. If you're a professional in the hunting, shooting or law enforcement field, we're confident one, or several of our products will meet your needs!

Kalispel Case Line is synonymous with time tested quality and craftsmanship. We start with .80 marine grade aluminum, mix in the industry's best fabrication, including heli-arc welds for strength and support, full length staked hinges every 4" for security, closed rivets, stainless steel locking rod assembly, and aluminum weld feet, and then finish your custom-made case with powder coating and personalized etching options. The end result? A tough, tried and true gun case that will protect your firearm investment from one generation to the next.
