MEET THE

SURVIVAL BELT

Check out the Survival Belt and our full line of outdoor leather belts in person.

SHOT SHOW

Booth N143 in the **NEXT Pavilion**

JANUARY 22 - 25

With a buckle that boasts a built-in knife, fire starter, LED flashlight, and bottle opener, and an American-made strap with an internal webbed core, ***our Survival Belt is the last belt you'll ever need.***

Designed with concealed carriers in mind, the Survival Belt's high tensile strength means no twisting or cupping. Its ratchet design provides a perfect fit with adjustment options at 1/4" increments.
