## **Battle Rifle Company Displays New BR9 at Shotshow Booth 20661**

Continuing to develop Offerings for Rifles, Battle Rifle Company will display the all new BR9 Series of 9MM Combat Grade AR's with Last Round Bolt Hold Open (LRBHO) for 2020. The BR9 is designed to meet the need for personal security, Special Operations, Discreet carry for events and dignitaries- even a version for MARSEC (Maritime Security) operations and Shipboard usage.

These guns are built to operate with the popular GLOCK magazines, and will cycle anything you put into it- all grades, all grain weights, supersonic as well as subsonic. Built with care to insure long lasting life in extreme conditions, the BR9 can be deployed both suppressed as well as unsuppressed, and complete packages are available as well as full auto versions on the gun.

- The BR9 comes with an 8 inch barrel, also available is a 5.5 inch model
- They can come with regular stock, brace, wire stock or folding stock
- Semi or full automatic configurations
- Standard anodized finish, or available in a wide variety of colors
- Maritime Security versions available with NP3 components

If your department has a need for rifles, please give us a call at Battle Rifle Company. We can provide cost effective solutions for your rifle needs. This program is also available to Foreign Law Enforcement and Government Agencies under ITAR Compliance.

Battle Rifle Company is a custom builder of AR style rifles for law enforcement, tactical shooters and government agencies. To learn how we can build something for you, contact:
