

PRESS RELEASE

TARA Tactical USA – Safest Striker Fired Pistol in the World!

TARA TMX and TMC

DARE: Double Action Rapid Engagement

- The TARA's patented trigger system is the first significant advancement in striker fired trigger systems since the 80's.
- The TARA Tactical Pistol is the first true Double Action Striker Fired Pistol.
- There is no preload on the striker when the trigger is at rest. This means an accidental discharge when dropped or struck is IMPOSSIBLE!
- The Patented Trigger System can be fired as a Double Action / Single Action Pistol.
- When the slide cycles after the first shot, the shooter only needs to release the trigger .25 of an inch and there is a crisp, clean single action pull: perfect for double taps.
- Check the Stats the TARA TMX has one of, if not the, lowest bore axis on the market.
- The TARA Factory has its roots in Aerospace Manufacturing, and you can tell the difference when you inspect its' parts. These are not mass produced stamped parts with enormous tolerances to insure interchangeability.
- The interchangeability of TARA's parts are the result of precision engineering by an aerospace company.
- The TARA: Point-ability, Shoot-ability, Accuracy and Safety, who says you can't have it all.
- Lifetime Warranty
