

## **HEL-STAR® LE Tactical Lighting**

**HEL-STAR® LE Tactical Lighting**, made by CORE Survival, Inc., include HEL-STAR 6® LE Tactical model programmed to focus on the operational profile of SWAT operations.

Also in our lineup are models of HEL-STAR 5 EXO® tailored for LE personnel marking and special models for K9 operations.

The K9 light is equipped with IR in Morse Code letter “D” giving it a distinctly unique flash pattern to clearly mark K9 positions.

Other EXO LE models include different colors in steady or flash for specific LE operations.

The HEL-STAR 5 EXO® is a low profile, three function marker light with a variety of visible colors or IR (including SWIR). A range of light intensity from Dim to Bright, and flash rates are also available.

CORE Survival’s booth at SHOT is 7302. Please visit our website: [www.coresurvival.com](http://www.coresurvival.com)
