For Immediate Release

Cedar Park, Texas — Fortune Products, the maker of AccuSharp Knife & Tool Sharpeners, announces the release of the Sportsman's Multi-Tool, a pruner/clipper/shear and accessory tool set designed for the sportsman and the challenges one can encounter in the great outdoors. From clearing small branches from tree stands and blind areas and cleaning birds after the hunt to a wide array of other outdoor uses, this multi-tool does it all. With a saw, fish scaler, knife, hook remover, small ruler, nail file and multiple screwdrivers, the accessories have endless possibilities to tackle whatever the outdoors serves up to the sportsman with so many applications. When not in use, the multi-tool folds up into an included compact carry case with belt loop for easy transport and storage.

"This is a great tool for working in the outdoors with all of the features outdoorsmen need to be effective at what they do," said Jay Cavanaugh, President of Accusharp. *"We are confident that the main clipping shear tool along with the many accessories of this multi-tool will help hunters and fishermen with a variety of tasks the outdoors demand,"* he continued.

The Sportsman's Multi-Tool will be available in many different outdoor retailers and AccuSharp is also accepting orders from stocking dealers for this product and numerous other knife and sharpening products. For more information, visit www.accusharp.com.

About AccuSharp

Fortune Products focuses on one primary goal with the AccuSharp® line of products—making the most effective knife and blade sharpeners, knives and multi-tools in the world. Our every effort is aimed at creating products that will provide the sharpest edge possible for your knives, tools, and equipment. Whether your sharpening needs range from the kitchen, workshop, yard, hunting, fishing, or other outdoor sports, our sharpening products can help you maintain the very best edge.
