## **ABOUT ALPHA SHOOTING SPORTS**

- **Glock Slides**
- **Glock Barrels**
- **Glock Guide Rods**
- **AR15 Barrels**
- **AR15 & AR10 Bolt Carrier Groups**
- **AR15 & AR10 Muzzle Brakes**

Since 2007, Alpha Shooting Sports has provided the shooting community with high quality AR15 and Glock parts. Alpha Shooting Sports manufactures many of its parts in house, utilizing state of the art CNC equipment. We are your source for AR15 barrels, AR15 bolt carrier groups, and barreled upper receivers. We also machine and sell Glock slides, Glock barrels, and slide internal parts.

**NEW  
PRODUCT  
2020**

# **19 V6 CONQUEROR SLIDE 9MM**

- Functional machined slide porting is designed for our new line of ported barrels.
- Slide machined from hardened stainless steel.
- Enhanced Alpha rear slide serrations. Serrations become PROGRESSIVELY deeper to produce a non-slip surface for tactical slide manipulation
- Rear sight dove tail cut.
- Machined to accept:
  - Trijicon RMR/SRO & Holosun 507 red dot optics.
- Comes with installed fitted optic cap and two 6-32x3/16 screws.
- Comes with installed factory channel liner.
- Compatible with factory third generation 19 and P80 PF940C Compact frames.
- Also available in stainless, Nitride, TiN (Gold),

**NEW  
PRODUCT  
2020**

# **20 V1 HUNTER LONG SLIDE 10MM**

- Alpha20 10MM slide Internals installed.
- 6" 10MM MATCH grade stainless barrel.
- Matching 60 degree front and rear serrations.
- Rear sight dove tail cut.
- Slide machined from hardened stainless steel.
- Compatible with factory third generation 20, 20 small frame and P80 PF45 Large frames.
- Also available in stainless, Nitride, TiN (Gold), TiAlCN (Copper) & Cerakote.

# 21 V4 ALPHA MARKSMAN SLIDE 45ACP

- Skeletonized pocket patterns and window cutouts enhance aesthetics as well as reduce slide reciprocating weight.
- Enhanced Alpha slide serration front and rear. Serrations become **PROGRESSIVELY** deeper to produce a non-slip surface for tactical slide manipulation.
- Rear sight dove tail cut.
- Machined to accept:
  - Trijicon RMR/SRO & Holosun 507 red dot optics.
- Comes with installed fitted optic cap and two 6-32x3/16 screws.
- Comes with installed factory channel liner.
- Slide machined from hardened stainless steel.
- Compatible with factory third generation 21 frames and P80 PF45 Large frames.
- Also available in stainless, Nitride, TiN (Gold), TiAlCN (Copper) & Cerakote.

# 22 V2 WARRIOR SLIDE 40 S&W, 357 Sig

NEW  
PRODUCT  
2020

- Third generation compatible with factory 40 S&W, factory 357 sig barrels and 9mm conversion barrels.
- Enhanced Alpha slide serration front and rear. Serrations become **PROGRESSIVELY** deeper to produce a non-slip surface for tactical slide manipulation.
- Rear sight dove tail cut.
- Machined to accept:
  - Trijicon RMR/SRO & Holosun 507 red dot optics.
- Comes with installed fitted optic cap and two 6-32x3/16 screws.
- Comes with installed factory channel liner.
- Slide machined from hardened stainless steel.
- Compatible with factory third generation 22 frames and P80 PF940V2 Standard frames.

# 34 V4 ALPHA MARKSMAN SLIDE 9MM

- Skeletonized top pocket and angled side window cutouts enhance aesthetics as well as reduce slide reciprocating weight.
- Enhanced Alpha slide serration front and rear. Serrations become **PROGRESSIVELY** deeper to produce a non-slip surface for tactical slide manipulation.
- Rear sight dove tail cut.
- Machined to accept:
  - Trijicon RMR/SRO & Holosun 507 red dot optics.
- Comes with installed fitted optic cap and two 6-32x3/16 screws.
- Comes with installed factory channel liner.
- Slide machined from hardened stainless steel.
- Compatible with factory third generation 34, 17 slides and P80 PF940V2 Standard frames.
- Also available in stainless, Nitride, TiN (Gold), TiAlCN (Copper) & Cerakote.

# 19 V5 EXECUTIVE CARRY 9MM

- Available in generation three / four 9mm 19's.
- Attractive diamond cut checkered rear, front and top cocking serrations provide a positive gripping surface to aid in firearm manipulation, and a unique custom look.
- Left, right and top window port slide cuts.
- Engraved with the Roman numeral "V" for our 5th model version.
- Rear sight dove tail cut.
- Machined to accept:
  - Trijicon RMR/SRO & Holosun 507 red dot optics.
- Comes with installed fitted optic cap and two 6-32x3/16 screws.
- Comes with installed factory channel liner.
- Compatible with factory third generation 19 and P80 PF940C Compact frames.
- Also available in stainless, Nitride, TiN (Gold), TiAlCN (Copper) & Cerakote.

# 19 V5.2 EXECUTIVE CARRY 9MM

- A windowless version of our V5 slide.
- Available for third and fourth generation 9MM 19's.
- Attractive diamond cut checkered rear, front and top cocking serrations provide a positive gripping surface to aid in firearm manipulation, and a unique custom look.
- Rear sight dove tail cut.
- Machined to accept:
  - Trijicon RMR/SRO & Holosun 507 red dot optics.
- Comes with installed fitted optic cap and two 6-32x3/16 screws.
- Comes with installed factory channel liner.
- Compatible with factory third generation 19 and P80 PF940C Compact frames.
- Also available in stainless, Nitride, TiN (Gold),

# 43 V5 EXECUTIVE CARRY 9MM

- Attractive diamond cut checkered rear, front and top cocking serrations provide a positive gripping surface to aid in firearm manipulation, and a unique custom look.
- Left, right and top window port slide cuts.
- Rear sight dove tail cut.
- Comes with installed factory channel liner.
- Compatible with factory generation four 43 frames.
- Also available in stainless, Nitride, TiN (Gold), TiAlCN (Copper) & Cerakote.
- Optional Shield RMSc optic cut available.

# 43 V5.2 EXECUTIVE CARRY 9MM

- Full front WINDOWLESS diamond checkering version of our V5.
- Rear sight dove tail cut.
- Comes with installed factory channel liner.
- Compatible with factory generation four 43 frames.
- Also available in stainless, Nitride, TiN (Gold), TiAlCN (Copper) & Cerakote.
- Optional Shield RMSc optic cut available.

# 17 V4 MARKSMAN SLIDE 9MM

- The slide that put us on the map. The chiseled good looks and window ports make our V4 Marksman slide our most popular slide design.
- Rear sight dove tail cut.
- Machined to accept:
  - Trijicon RMR/SRO & Holosun 507 red dot optics.
- Comes with installed fitted optic cap and two 6-32x3/16 screws.
- Comes with installed factory channel liner.
- Compatible with factory third / fourth generation 17 and P80 PF940V2 Standard frames.
- Also available in stainless, Nitride, TiN (Gold), TiAlCN (Copper) & Cerakote.

# 19 V4 MARKSMAN SLIDE 9MM

- The G19 V4 Marksman slide is our most popular slide.
- Chiseled good looks, window ports and a optic cut will give your pistol the custom look and performance you're looking for.
- Rear sight dove tail cut.
- Machined to accept:

- Comes with installed fitted optic cap and two 6-32x3/16 screws.
- Comes with installed factory channel liner.
- Compatible with factory third generation 19 and P80 PF940C Compact frames.
- Also available in stainless, Nitride, TiN (Gold),

# 26 V4 MARKSMAN SLIDE

- Chiseled good looks and window ports make our V4 Marksman line of slides another one of our popular designs.
- Available in generation three / four 9mm 26 Sub Compact.
- Rear sight dove tail cut.
- Machined to accept:
  - Trijicon RMR/SRO & Holosun 507 red dot optics.
- Comes with installed fitted optic cap and two 6-32x3/16 screws.
- Comes with installed factory channel liner.
- Compatible with factory third / fourth generation 26 and P80 PF940SC SUB COMPACT frames.
- Also available in stainless, Nitride, TiN (Gold),

# 17 V3 EDC SLIDE 9MM

- The EDC V3 line of slides make an excellent choice for builders looking to add more functionality to their every day carry pistol.
- Front, rear and top serrations enable enhanced slide manipulation.
- Rear sight dove tail cut.
- Machined to accept:
  - Trijicon RMR/SRO & Holosun 507 red dot optics.
- Comes with installed fitted optic cap and two 6-32x3/16 screws.
- Comes with installed factory channel liner.
- Compatible with factory third / fourth generation 17 and P80 PF940V2 Standard frames.
- Also available in stainless, Nitride, TiN (Gold), TiAlCN (Copper) & Cerakote.

# 19 V3 EDC SLIDE 9MM

- The EDC V3 line of slides make an excellent choice for builders looking to add more functionality to their every day carry pistol.
- Front, rear and top serrations enable enhanced slide manipulation.
- Available in generation three / four 9mm 19's.
- Rear sight dove tail cut.
- Machined to accept:
  - Trijicon RMR/SRO & Holosun 507 red dot optics.
- Comes with installed fitted optic cap and two 6-32x3/16 screws.
- Comes with installed factory channel liner.
- Compatible with factory third / fourth generation 19 and P80 PF940C Compact frames.
- Also available in stainless, Nitride, TiN (Gold), TiAlCN (Copper) & Cerakote.

# 17 V1 EDC SLIDE 9MM

- The EDC V1 line of slides make a great choice for builders seeking a classic high performance slide.
- Front & rear 60 degree side only serrations.
- Available for generation three 9mm 17's.
- Rear sight dove tail cut.
- Comes with installed factory channel liner.
- Compatible with factory third generation 17 and P80 PF940V2 Standard frames.
- Also available in stainless, Nitride, TiN (Gold), TiAlCN (Copper) & Cerakote.

# 19 V1 EDC SLIDE 9MM

- The EDC V1 line of slides make a great choice for builders seeking a classic high performance slide.
- Front & rear 60 degree side only serrations.
- Available for generation three 9mm 19's.
- Rear sight dove tail cut.
- Comes with installed factory channel liner.
- Compatible with factory third generation 19 and P80 PF940C Compact frames.
- Also available in stainless, Nitride, TiN (Gold), TiAlCN (Copper) & Cerakote.

# PERFORMANCE PORTED MATCH GRADE BARRELS

NEW  
PRODUCT  
2020

- Our Match Grade Barrels are Performance Ported in-house for fast follow-up shots. These barrels are a great choice for your custom and competition style pistol.
- Our barrels are a drop in installation and precision machined from premium U.S. made 416R stainless featuring tighter barrel lock up.
- Gas vacuumed heat-treated and double-tempered to mitigate stress.
- Fully supported and polished chamber and feed ramp.
- Designed specifically for use in all our slides featuring front top cuts. Available in:
  - 9mm for 17, 19 & 34.
  - 45ACP for 21.
- Available in stainless, Nitride, TiN (Gold), TiAlCN (Copper) & DLC finishes.

# CHF 16" 223 WYLDE

NEW  
PRODUCT  
2020

- **Caliber: 223 WYLDE**
- **Profile: Spiral Fluted Medium**
- **Length: 16"**
- **Twist: 1:7 or 1:8**
- **Gas: Mid Length .750 Gas Block Diameter**
- **Material: Material: Cold Hammer Forged 416R Stainless or 4150 Chrome Moly Vanadium (CMV)**
- **M4 Gold TiN Plated Barrel Extension**
- **Finish: Stainless**
- **Threads: 1/2-28**
  
- **1 MOA or Better Accuracy With Match Grade Ammunition**

# CHF 20" 5.56 AR15 Barrel

- **Caliber: 5.56 NATO**
- **Profile: Spiral Fluted Medium**
- **Length: 20"**
- **Twist: 1:7 or 1:8**
- **Gas: Rifle Length .750 Gas Block Diameter**
- **Material: Cold Hammer Forged 416R Stainless or 4150 Chrome Moly Vanadium (CMV)**
- **M4 Gold TiN Plated Barrel Extension**
- **Finish: QPQ Nitride**
- **Threads: 1/2-28**

**1 MOA or Better Accuracy With Match Grade Ammunition**

# CHF 16" 5.56 AR15 Barrels

- **Caliber: 5.56 NATO**
- **Profile: Spiral Fluted Medium**
- **Length: 16"**
- **Twist: 1:7 or 1:8**
- **Gas: Mid Length .750 Gas Block Diameter**
- **Material: Cold Hammer Forged 416R Stainless or 4150 Chrome Moly Vanadium (CMV)**
- **M4 Gold TiN Plated Barrel Extension**
- **Finish: QPQ Nitride**
- **Threads: 1/2-28**

**1 MOA or Better Accuracy With Match Grade Ammunition**

# **CHF 14.5" 5.56 AR15 Barrels**

- **Caliber: 5.56 NATO**
- **Profile: Government or Medium**
- **Length: 14.5"**
- **Twist: 1:7 or 1:8**
- **Gas: Mid Length .750 Gas Block Diameter**
- **Material: Cold Hammer Forged 416R Stainless or 4150 Chrome Moly Vanadium (CMV)**
- **M4 Gold TiN Plated Barrel Extension**
- **Finish: QPQ Nitride**
- **Threads: 1/2-28**

**1 MOA or Better Accuracy With Match Grade Ammunition**

**This barrel is shorter than 16" inches which is the shortest legal length barrel for a rifle. Check your local laws before using.**
