FOR IMMEDIATE RELEASE

### **CleanShot® Now Available at Academy Sports**

*Innovative technology for cleaning the bore of your firearm increases its retail availability*

MILFORD, MI – Huntego Limited, is excited to announce that Academy Sporting Goods will begin rolling out CleanShot in its retail locations. With this increased distribution, more hunters and shooters will be able to experience this incredibly effective bore cleaning product. Ideally suited for outdoorsman that pursue waterfowl, upland birds and participate in shooting sports, CleanShot is a revolutionary bore cleaning product that is simple to use and perfect for in the field bore cleaning.

“Huntego Limited is excited to expand our retail outreach by partnering with Academy Sporting Goods” said Curt Whitworth, Huntego’s president. “Academy Sporting Goods is strongly committed to offering hunters and outdoor enthusiasts with the highest quality products. We look forward to introducing CleanShot® to their broad consumer base that Academy Sporting Goods supports.”

CleanShot is a patented high velocity bore field cleaning device that utilizes outward ballistic pressures to power scrub, trap particles and wipe the bore clean. Simply load a CleanShot round in the chamber like any other cartridge, safely discharge and your gun is field cleaned in an instant. Designed to be used in the field or at a range, CleanShot allows shooters to maintain their firearms with minimal cleaning equipment, effort, and mess.

How does CleanShot work?: <https://www.youtube.com/watch?v=U8hLQ98fk64>

Huntego Limited launched the 12-gauge model in late 2017, which uses a standard shotgun hull and is manufactured using the same process and standards as ammunition currently manufactured by the OEM brands today. In 2018, they released 20-gauge shells and is now actively working to complete the 9MM handgun and military grade applications.
