

MT2 Firing Range Services Celebrates 20 Years of Providing Environmental Gun Range Services, Lead Reclamation and Remediation.

MT2 Firing Range Services is celebrating its 20th anniversary in 2020. MT2 is the Firing Range Lead Management Authority who is the nation's #1 largest professional contractor for all indoor and outdoor firing range service needs.

"At MT2, we are deeply proud of the progress we've made to help gun ranges protect their shooters, employees and community from the dangers of lead," said MT2 President James M. Barthel. "Our company is celebrating 20 years, but we also feel like we're just getting started on the important work of empowering firing range managers and owners to properly manage their range lead with exclusive patented technologies that no other gun range services contractor can perform," Barthel continued.

Barthel founded the company in 2000, after 15 years in the environmental engineering business working for the U.S. Department of Energy. They focus first on service/product excellence and identify a higher purpose to fulfill in serving their clients and strategic alliances. Clients and employees are motivated and drawn toward a strong commitment to excellence and selfless attitude. The team gets a lot of satisfaction from serving over 3,000 ranges nationwide for Law Enforcement, Military and Commercial ranges in all 50 states.

MT2 is an A+ BBB accredited business with a multi-year certification from *Great Places to Work* and is the Firing Range Lead Management Authority. They are OSHA/EPA experts with no violations and take no shortcuts. As the nation's #1 range support firm, MT2 specializes in safety and environmental assessment, [gun range services](#) consulting services, lead

reclamation, range and bullet trap installations, maintenance cleaning, renovations and improvements, lead-waste management,

construction and construction management of new ranges.
